

ROAR SPORTING

GUN SLIP RANGE

At Roar Sporting, we are passionate about creating shooting accessories that blend style, durability, and functionality. Handcrafted by skilled British artisans, every Roar Sporting gun slip carries the mark of quality that comes from years of expertise. When you choose our products, you're not just carrying your shotgun; you're ensuring its longevity and performance, all while showcasing a piece of British heritage.

Our gun slips have been expertly designed with a deep understanding of what's required in the field. Practicality, functionality, and affordability are at the heart of our design, with every detail carefully considered to meet the needs of serious shooters.

All of our gun slips are meticulously crafted from premium materials, including 3mm vegetable-tanned Italian leather, deluxe laminated canvas, and supple mottled leather.

CUSTOM MADE GUN SLIPS

At Roar Sporting we offer custom-made gun slips, designed to accommodate the unique specifications of your shotgun. Whether you need extra space for a ShotKam, spare barrels, or even an umbrella, our bespoke slips ensure that your gear is securely protected, no matter what you carry.

How to Get Your Custom Gun Slip:

1. **Trace Your Gun:** Simply draw around your gun on craft paper, making sure to include any additional items like ShotKams, spare barrels, or umbrellas.
2. **Send It to Us:** Place your drawing in an envelope and mail it to Roar Sporting.
3. **We Handle the Rest:** Our skilled artisans will create a bespoke gun slip tailored to your exact specifications, ensuring your firearm is perfectly protected.

Prices quoted for gun slips available in standard sizes of 28" 30" 32" & 34"
Custom Gun Slips are quoted on request dependant on requirements and materials

- Our gun slips are meticulously crafted from premium materials, including 3mm vegetable-tanned Italian leather, deluxe laminated canvas, and supple mottled leather.
- Flap Buckle & Zip Slips come with reinforced spines and action patches. These features safeguard the rib and action of your shotgun, preventing the risk of damage during transport and storage.
- All Slips have Synthetic Fleece Lining: Our synthetic fleece is fast drying and moisture wicking. Unlike wool, which is naturally hydrophilic - meaning it attracts and retains water molecules taking much longer to dry out.
